

You are cordially invited to attend the
Gurdjian-Thomas Visiting Professor Lecture Series.
Our honored guest will be Dr. Thomas Gennarelli,
Chairman of the Department of Neurosurgery at Froedtert
and The Medical College of Wisconsin.

Gurdjian-Thomas Visiting Professor Lecture Series

Please join us on Tuesday evening for his lecture entitled
"Traumatic Brain Injury: Where We've Been and Where We Are Going"

November 14, 2006
6:00 pm to 9:00 pm

**The Owen House at
The Inn on Ferry Street
84 East Ferry Street
Detroit, Michigan
313-871-6000**

Dr. Thomas Gennarelli is an internationally renowned clinician and researcher in the field of traumatic head injuries. Dr. Gennarelli was appointed Professor and Chairman of the Department of Neurosurgery at Froedtert and the Medical College of Wisconsin in 1999. Previously, he served as Professor and Chairman of the Department of Neurosurgery at Allegheny University of the Health Sciences in Philadelphia. Dr. Gennarelli is the President of the International Neurotrauma Society and is currently co-principal investigator for a study of the biomechanics of neural and neurovascular injury funded by the Center of Injury Control, US Centers for Disease Control. He is also co-director of the CIREN Center, the tenth center of the Crash Injury Research and Engineering Network of the

National Highway Traffic Safety Administration, US Department of Transportation. Dr. Gennarelli has published 306 original research papers, written 41 book chapters and three editions of "The Abbreviated Injury Scale". He has been a visiting professor to over 50 countries in the US and abroad. Dr. Gennarelli is a graduate of Loyola University Stritch School of Medicine in Chicago and completed his neurosurgery residency at Georgetown University and a neurology fellowship at Harvard University. In addition to his expertise in brain injury, Dr. Gennarelli has a clinical practice in which he specializes in surgical treatment of brain tumors, pituitary tumors, visual disorders, vascular diseases of the brain and facial pain. He is especially interested in minimally invasive surgery and skull base surgery.

Dinner will be provided by **Integra Neurosciences** and CME credits will be offered.

Please RSVP to Nancy Triggs, Medical Education Coordinator,
at 313-745-4523 or ntriggs@med.wayne.edu
