

Gurdjian-Thomas Visiting Professor Lecture

Tuesday, June 21, 2011

6:00 - 9:00 PM

Troy Marriott
200 West Big Beaver Road
Troy, Michigan 48084
248.680.9797

School of Medicine
Department of Neurosurgery

Murali Guthikonda, MD, FACS

L. Murray Thomas Professor & Chairman
Wayne State University Neurosurgery

Greetings! We are delighted to host Dr. Michael Steinmetz as our **Gurdjian-Thomas Visiting Professor**, continuing our tradition of advancing neurosurgical education in our community. The title of his talk will be *Cervical Deformity*.

Our mission is to provide excellent patient care using evidence-based medicine and new and innovative technologies. Our department has 18 academic faculty members providing exceptional neurosurgical patient care, funded neuroscience research and neurosurgical education.

Please join us for our **Gurdjian-Thomas Visiting Professor Lecture**.

Dinner will be provided and CME credits offered.

Cervical Deformity

Michael P. Steinmetz, MD

Chairman, Department of Neuroscience
MetroHealth Medical Center

Associate Professor
Case Western Reserve University School of Medicine

Born in Detroit, Dr. Michael Steinmetz is an Associate Professor at Case Western Reserve University. He is a graduate of Texas Tech University School of Medicine, where he was the president of the local AOA chapter and graduated first in his class. Dr. Steinmetz completed his internship at the University of New Mexico and his neurosurgical residency at The Cleveland Clinic Foundation. Following residency, he completed a complex spine surgery fellowship at the University of Wisconsin.

Dr. Steinmetz is active in the AANS and the CNS where he currently serves as Chairman of the IT Committee and is a member of the Washington Committee and the Executive Committee. He is also active in the spine section, serving on the Executive Committee and as Chairman of the Public Relations Committee. He serves on the editorial board of *The Spine Journal* and is a reviewer for *Neurosurgery*.

With over 60 publications in referred journals and over 50 book chapters, Dr. Steinmetz was recently appointed as Chair of Neurosciences at MetroHealth in Cleveland, Ohio. His current research is focused on neuronal regeneration in spinal cord injury. In his spare time, Dr. Steinmetz enjoys fly fishing and spending time with his family.
