Dr. Fredric Meyer is Professor and Chairman of the Department of Neurologic Surgery in the Mayo Clinic College of Medicine. He graduated from the University of Pennsylvania in 1977, attended medical school at Boston University in 1981, and completed his neurosurgery residency training in 1988 at the Mayo Clinic. He joined the Mayo Clinic faculty in 1988 as a Consultant in Neurologic Surgery, and became Chair of the department in 2004.

The focus of Dr. Meyer's laboratory research in the pathophysiology and treatment of ischemic and epileptic brain injury. His clinical interests include the use of high-resolution, realtime infrared imaging during neurosurgical operations to map functioning cortical brain regions, tumor margins, and epileptic foci.

Dr. Meyer has over 240 published articles in peer reviewed journals, 4 books, and more than 50 book chapters. He serves on the Board of Directors for the American Board of Neurological Surgery as Secretary. Dr. Meyer has been honored with awards from the University of Pennsylvania, Boston University, the Mayo Clinic, the New York Academy of Medicine, and the Congress of Neurological Surgeons. He also delivered the prestigious Drake Lecture at the 2011 annual meeting of the Congress of Neurological Surgeons. He is the proud father of six children.
